There's no way to let go
'Cause this night ain't over
And she said take me home
But I know that I told her
Stop 'cause it's killing me and I won't try
Yeah and it's killing me 'cause she lies

She Lies Like the Devil

There's no way to ignore
Her words are like thunder
And I've heard them before
But they still pull me under
Oh no she's killing me and I won't try
Oh yeah and it's killing me 'cause she lies

She Lies Like the Devil [x3]
She Lies She Lies
She Lies Like the Devil [x3]
She Lies She Lies

I told her before
And I'll tell her again
I want it and I need it
But it's all got to end

She Lies

She Lies Like the Devil
