The time was half past ten
Like a mess she kept moving
Going around in circles
Around and back again

From the darkness she emerged
To satisfy some urge
I couldn't help but wonder

Where did you come from
Dancing for no one
The freeway up above
Dancing for no one

Beneath the four-o-five
Headlights pass her by
But no one seems to notice
The strangers in her eyes

The traffic moves alone
Next time when she'll be gone
Leave her in the shadows

Where did you come from
Dancing for no one
The freeway up above
Dancing for no one

Leave her all alone
On the streets where I'm from
Leave her all alone
On the streets where I'm from
Leave her all alone
On the streets where I'm from
Leave her all alone
Yeah yeah

Where did you come from
Dancing for no one
The freeway up above
Dancing for no one

Where did you come from
Dancing for no one
The freeway up above
Dancing for no one

Dancing for no one
Dancing for no one
Dancing for no one
Dancing for no one
