I am a poor wayfaring stranger
I am your enemy for hire
I cut the line, I brave the danger
I've come to seek my savior
L'amour here she flies

I close my eyes to see her face
I lay down to die on my devil's highway

Then beneath the sand there lies a story
There are ghosts who wait and hide
There were others who saw glory faded fast before me
L'adore now she cries

I close my eyes to see her face
I lay down to die on my devil's highway

Devil's highway
Devil's highway
Devil's highway
Devil's highway

With the earthbound heavens aflame
The thicket cuts me to the bone
The carry on howl calls me by name
Masses that the desert claims
I'm going back home, back home

I close my eyes to see her face
I lay down to die on my devil's highway
