I'm just plain and very simple
Preferring American men
If you dream about a life of comfort
Try me, I'm your woman

I received your letter
And I believed
All the promises
For the life I could lead
And it means I might find
A forever lead
What I left behind
Has been following me

How many loss must I take
Too ashamed to make the break
I'm afraid that it's too late
So far from home it's all the same

I'm just plain and very simple
Preferring American men
If you dream about a life of comfort
Try me, I'm your woman

The streets they remind me
Of how I was weak
These streets remained silent
With words I did speak
Freedom it lured me
How could I believe
Now that I'm alone
Freedom off-scares me

How many loss must I take
Too ashamed to make the break
I'm afraid that it's too late
So far from home it's all the same

I'm just plain and very simple
Preferring American men
If you dream about a life of comfort

Try me, I'm your woman

I'm just plain and very simple
Preferring American men
If you dream about a life of comfort
Try me, I'm your woman

I'm just plain and very simple
Preferring American men
If you dream about a life of comfort
Try me, I'm your woman

I'm just plain and very simple
Preferring American men
If you dream about a life of comfort
Try me, I'm your woman
