Watch me now  
Before you walk away  
'Cause I'm going to  
Get to you someday  
I'll let it out  
While I'm on the stage  
With everyone  
Calling out my name

You were someone too abused  
Tiny mountains you can move  
But what moves inside of me  
Now someone else can see

'Cause you opened the store  
To get you farther  
I'm all through, but you  
You'll look back for sure

So watch me now  
Before you walk away  
'Cause I'm going to  
Get to you someday  
I'll let it out  
While I'm on the stage  
With everyone  
Calling out my name

This is how you let me know  
That you want to let me go  
I see everything, and you  
Want everything's that's true

But here's what I begin  
When it gets harder  
Just me moving in  
To get under your skin

So watch me now  
While I walk away  
'Cause I'm going to

Get to you someday  
I'll let it out  
While I'm on the stage  
With everyone  
Calling out my name

You were someone too abused  
Tiny mountains you can move  
But what moves inside of me  
Now someone else can see

'Cause you opened the store  
To get you farther  
I'm all through, but you  
You'll look back for sure

You'll look back for sure
