I need to start telling myself I don't need her,
I need to put some distance between us,
I need to not beg her,
I need to take her picture off of my screen saver,
I think im in some sort of distraction, from the front her
and another man kissing laughing, I need to put some
milage on the rover,
need to run and know that im the reason its over.

(So why do I keep on telling my heartbeat to change us)
and why do I keep on,
leaving myself open (hopin')
she'll reconsider it when I know what it is.

Now I can't hold her,
might as well take her by the show is over, and I'll climb
but I gotta get over.
(she's not mine anymore)

No late night talks (anymore)
not another walk in the park (anymore),
no callin' her baby, not even a maybe nooo (she's not
mine anymore)

It's lookin' like im learnin' how to play my position,
lookin' like she still in my system,
lookin' like I need to fess up, lookin' like I need to call
and "say baby I messed up." (up)
It's lookin' like I need to hit my barber,
I can't be sleepin',
can't be lookin' like times got harder,
It's lookin' like I let go of a keeper,
lookin' like I'm finally realizin' I need her.

(So why do I keep on telling my heartbeat to change us)
and why do I keep on,
leaving myself open (hopin')
she'll reconsider it when I know what it is.

Now I can't hold her,
might as well take her by the show is over, and I'll climb

but I gotta get over.
(she's not mine anymore)

No late night talks (anymore)
not another walk in the park (anymore),
no callin' her baby, not even a maybe. nooo (she's not
mine anymore)
