Verse 1:

Girl I'ma keep this real and say what's on my heart  
You are my back up and even hold me down from the  
very start  
And even though sometimes we fight  
Girl it's you and me for life  
And I'm never letting you go

Cause we started off by hanging out  
Then we moved on to going out  
We went from breaking up to making up again  
You forgot about my past (My past)  
Gave me a second chance (Second chance)  
Because of you I'm a better man

Chorus:

Girl I'm officially ready for forever  
I'm officially, to take this step together  
I'm officially, you and me through whatever  
I'm officially ready for forever, baby

Verse 2:

Here's a set of keys to the car and the crib  
You can have it all  
And anything you want is yours cause you're my  
favorite girl  
And if it takes me my last dime to let the world know  
that you're mine  
Then I guess I'm going for broke

Cause we started off by hanging out (yeah yeah)  
Then we moved on to going out  
We went from breaking up to making up again  
You forgot about my past (My past)  
Gave me a second chance (Second chance)  
Because of you I'm a better man

Chorus:

Girl I'm officially ready for forever  
I'm officially, to take this step together  
I'm officially, you and me through whatever  
I'm officially ready for forever, baby

Bridge:

I'm ready to get down on one knee for you  
If you let me, I swear I'll make you happy  
(Happy baby) (Baby, baby)

Chorus (x2):

Because you are officially ready for forever  
I'm officially, to take this step together  
I'm officially, you and me through whatever  
I'm officially ready for forever, baby

(X4 during last chorus)  
Yeah Yeah officially officially
