Girl I never meant to be vain
There's just this thing I know,
I don't know how to explain, but I mean my thing
All my heart slowly fell apart
I just couldn't sort how, where I should start
It's not as if it was negative
I just couldn't get all the words to fit

You know, if your heart was nailed to the floor
Then I couldn't tell, no
My alarm(?) is less like a sound, more like a well
Oh we could be down the Millow street
For a midnight drink ...
Somehow you got to? too
Oh I need you too, oh I need you too

If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
If you're in love, swear you're in love
