Weikath

Have you seen  
this little toy  
When you're down  
it gives you joy  
You escape reality  
Delve into its TV  
screen  
For the rich and for  
the poor  
For the even more  
secure  
Doesn't matter where  
you are,  
Where you go or where  
you've been  
Well, there's still no  
guarantee  
For your virgin mind,  
you see  
Just go on and play  
the game  
You will surely go  
insane

The game is on  
And you have gone  
Gone to a world  
on its display  
And the game is fun  
But when it has won  
All you ever hear is  
what it says

There's a great  
amount of fumes  
Coming out from  
somebody's room  
The firemen got  
there

Making their way  
up the stairs  
Find a man in a chair  
But it doesn't seem  
he's there  
With a grey box  
in his hands  
He has gone to  
another land

The game is on  
And you have gone  
Gone to a world  
on its display  
And the game is fun  
But when it has won  
All you ever hear is  
what it says

SOLO

You have played it much  
too long  
Now your senses get  
things wrong  
All your walls come  
crashing down  
Now it's time  
for you to frown  
How'd you like this  
heavy load?  
Guess your brain will  
soon explode  
You never had this  
ugly feel
