Weikath

Piece by piece you're  
tearin' me apart  
Give to me and try  
another start  
Brick by brick you  
really love that game  
Things from which I  
can't refrain  
So many stories have  
been told  
I give a damn,  
they're just too old  
How often will we face  
the end of our dreams?  
When will I see it  
all come true?  
A splendid time  
for me and you  
Can we expect it bein'  
nice as it seems?

Will you be  
my secret alibi  
Angel of my nights  
Can we do it right?  
Let's just try each  
others love so sweet  
Till we can't deny  
My secret alibi

Ding by ding can you  
dig my dong  
It may come short  
but it might come long  
Limb by limb you're  
climbing up my tree  
Making things more  
fun for me

So many stories have  
been told  
I give a damn,  
they're just too old  
How often will we face  
the end of our dreams?  
When will I see it  
all come true?  
A splendid time  
for me and you  
Can we expect it being  
nice as it seems?

Will you be  
my secret alibi  
Angel of my nights  
Can we do it right?  
Let's just try each  
others love so sweet  
Till we can't deny  
My secret alibi
