I am no stranger to darkness  
I am no stranger to pain  
I had to suffer 'till I went insane  
Learning from pain and from heartaches  
How to forgive and forget  
Never give up 'cause life goes on again

Pushed all around I can't take it no more  
Don't tell me how to behave  
Won't hide away I can make it for sure  
I will survive, I will live my own life

Shot of life  
I will take another shot of life  
I played my pride  
There's no place to hide for me  
Shot of life  
I will take another  
Shot of life  
Shot of life  
'Till I find my destiny

If you feel strange and emotional  
Carrying the weight of the world  
Open your soul and let the spirit in

It's not the end of the rainbow  
It's not the end of the line  
Your time will come and you will rise again

Pushed all around I can't take it no more  
Don't tell me how to behave  
Won't hide away I can make it for sure  
I will survive, I will live my own life

Shot of life  
I will take another shot of life  
I played my pride  
There's no place to hide for me

Shot of life  
I will take another  
Shot of life  
Shot of life  
'Till I find my destiny

Shot of life [4x]  
I'm leaving all my pain away  
My sorrows are not here to stay  
Tomorrow comes another day  
Another hope, another try

Shot of life  
I will take another shot of life  
I played my pride  
There's no place to hide for me  
Shot of life  
I will take another  
Shot of life  
Shot of life  
'Till I find my destiny
