Black, you stripped me
Reveal to me the secrets
Of your pain, painful lies?
Life itself that feeds your wisdom

Almost everyday
You put yourself high on a shelf
Whatever you do, wherever you go
Never turn my back on you

Shadows on the wall, darkness is spreading
I warm my hands on the flames of lies
In vain I scream against the wind
They don't understand my last testament

Escalation six, six, six
Escalation six, six, six

Deceit and malice
Every smile hides betrayal and greed
Hypocrisy, we've been like brothers
Now I hold out my hands to a blood
To a bloodless soul

Shadows on the wall, darkness is spreading
I warm my hands on the flames of lies
In vain I scream against the wind
They don't understand my last testament

Escalation six, six, six
Escalation six, six, six

Shadows on the wall, darkness is spreading
I warm my hands on the flames of lies
In vain I scream against the wind
They don't understand my last testament
My last testament, my last testament

Escalation six, six, six
Escalation six, six, six
Escalation six, six, six
