Will your first time
Will it be, I think of someone like me?
Makes me wonder
I can show you things, you'd never thought you'd see

You're like sunshine
I can feel your heat is dryin' out my brain
Would you feel like
Live were havin' fun if I can do the rain?

Have you thought out your dreams, do you have some?
Let's see if we can find some more
Give me your fancies at random
I think we can deal with 'em all

I can't wait forever
Baby open me your door
I just want your lovin'
If you cannot give me more

I can see you standin' there
You know you're worth the try
Let me guide you in my spaceship
And I'll surely make you have a real good time
(Don't waste time now)

You are soakin' wet so fix the things you got
Guess you know how
And when you're done I gotta see you strut
My desire
Can I watch you rock and know which one to choose?
I'm no liar
I could take you down and you got nothing to lose

I don't know any better occasion
Can't hold back, it's the end of the day
I don't think you're here for the first time
No problem with me anyway

I can't wait forever
Baby open me your door
I just want your lovin'

If you cannot give me more

I can see you standin' there
You know we have a try
I can feel this night is special
And I'll surely make you have a real good time

I can't wait forever
Baby open me your door
I just want your lovin'
If you cannot give me more

I can leave you standin' there
You know we have a try
I can feel this night is special
And I'll surely make you have a real good time

I can't wait forever
Baby open me your door
I just want your lovin'
If you cannot give me more

I can leave you standin' there
You know we have a try
I can feel this night is special
And I'll surely make you have a real good time
