If you're out there all alone  
And you don't know where to go to  
Come and take a trip with me  
To Future World

And if you're runnin' through your life  
And you don't know what the sense is  
Come and look how it could be  
In Future World

We all live in happiness  
Our life is full of joy  
We say the word 'tomorrow'  
Without fear

The feeling of togetherness  
Is always at our side  
We love our life and we know  
We will stay

'Cause we all live in Future World  
A world that's full of love  
Our future life will be glorious  
Come with me, Future World

You say you'd like to stay  
But this is not your time  
Go back, find your own way  
To Future World

Life can be for living  
Just try and never give in  
Tell everyone the way  
To Future World

One day, you'll live in happiness  
With a heart that's full of joy  
You'll say the word 'tomorrow'  
Without fear

The feeling of togetherness  
Will be at your side

You'll say you love your life  
And you'll know why

'Cause we all live in Future World  
A world that's full of love  
Our future life will be glorious  
Come with me, Future World

Screaming out  
We all live in Future World  
A world that's full of love  
Our future life will be glorious  
Come with me, come with me  
Come with me, Future World  
Future World, Future World  
Future World
