(M&L - Kiske)

In the night I'm calling you!  
Be my guide help me through!  
In the night I call your name  
You're the light in times of shame  
The songs I sing  
All my love I bring for you

I always try to make the things better  
Everything that has go gone wrong  
Mighty plans in the right direction  
But very lottle has been done

Everyday when I try to get foward  
I find myself another mile back  
Help me fighting!  
Help me breathing!  
Why am I falling down instead?

Ev'ry useful minute  
Seems to be the thought of you  
Ev'ry hour seems like wasted,  
Filled with things that I might do  
Without love my reactions  
Seems the saddest thing, but's true!

In the night I'm calling you!  
Be my guide help me through!  
In the night I call your name  
You're the light in times of shame  
Sometimes I cried after all  
I lied for you

Free from ourselves and free  
From this world we may find  
The freedom we search  
'Cause all that we need is inside!  
The hours I waste  
We may not get back for a while  
And when it gets dark  
No chance will be there for a try

When I wake up early morning  
I catch a book and jump inside  
I fill my head with a million wonders  
And try to fill the night with light  
The moment when I get things clearer  
I see another mountain to climb  
And always when I think I'm nearer  
I realise there is no time

In the night I'm calling you!  
Be my guide help me through!  
In the night I call your name  
You're the light in times of shame  
This song I sing  
All my love I bring for you
