I wait in the cold
It should have been summer
It will start to rain
It's just not fair
But we are insane
We wait for the thunder
We wait for the pain
With open hair
Now the stage is on fire
Now explodes the air

Ohohohohohohoh
Ohohohohohohoh

Long live the king
Long live the king

We shout every line
We bang to the metal
Some call out his name
He makes the sign
Now the stage is on fire
Now explodes the air

Ohohohohohohoh
Ohohohohohohoh

Long live the king
Long live the king

You got to feel the spirit
Got to hear the Les Paul
You got to feel the action
Got to ride the death wall

Giving in it
Giving in it
Giving in it all
Giving in it
Giving in it
Giving in it all

The curtain is down
We scream like one choir
Emotions go wild
I shake my hair
Now the stage is on fire
Now explodes the air

Ohohohohohohoh
Ohohohohohohoh

Long live the king
Long live the king
