There are phantoms here on earth who take away our  
lives

They kill your kids and they rape your wives

They rip your flesh, tear your heart, take you down to  
hell

They don't give a damn on any kind of life

Phantoms bring evil, destruction and death

Night after night, the same old game

They all look so harmless but deep in their hearts

Satan is lurking, and he will break out

Always someone at your back

Only waiting to attack

Phantoms of death

Phantoms of death

The empire of deceivers is built upon your fear

You'll have to lose it 'cause the end is near

Warheads, armies stand to strike, I know it isn't right

I wanna get out of here I don't wanna die

Internal destruction and fire you'll burn

Then you'll be helpless but it's not too late

Stand up right now and you'll be the winner

Or Satan will get you, take you forever

Genocide everywhere

Where's the Savior of this world

Phantoms of death

Phantoms of death

Where is he the promised Savior, the one who'll save  
the earth

Perhaps he'll come to bury us but then it'll be too late

Who are they who are the phantoms who will end our  
lives

It's you and me, you and me open up your eyes

Phantoms bring evil, destruction and death

Night after night, the same old game

They all look so harmless but deep in their hearts

Satan is lurking, and he will break out

We are all parasites  
Of this world we shall die  
Phantoms of death  
Phantoms of death  
Phantoms of death  
Phantoms of death
