(Kiske)

You hear the people talking you walk the wrong street
Painting all things black and step on your feet
A³Flabby stomach, styled hair² trousers full of air
Their morality is real ours isn¹t there

Bridge :

They don¹t know, no they can¹t see
Our hearts close to the sun
Different in our hearts filled with
That faith we carry on

Chorus :

They just call us savage
That¹s what I like to be
Let them call us savage
R¹cause that¹s what we like to be
See the people wonder we run in our direction
Let the narrow-minded sleep we better do some action
Across the universe you smell the smell of lies
I¹m trying to be the winner not the sacrifice

Repeat bridge / chorus

See them run they know no fun
And look what they have done
In this world full of rules
We look just like fools
I know what they think when I see them lookin¹ at me
(Savage)

We come close every day to the time table life
So mart they start their backwards fight
I know what they think when I see them lookin¹ at me
(Savage)

One day they will drop the bomb
R¹cause it¹s necessary to show the power
One day they will give a shit on what you say
Repeat 2nd bridge

Repeat chorus
