(M - weikath, I - deris)

I got that fever
Burning in my head
So many memories
No tear to share
Burns like a fire
Who stole my aims
My comrade fighters
Been set astray

How could I know
What others had in mind for me
How could they know
What measures I take

Sole survivor of a kill without alert
Sing your feelings
On your song remains unheard

We share like brothers
A light in the black
Totally blended
Bold and erect
But we've grown intrigers
'Till it's to late
Time has brought fire
Fear greed and hate

Now I'm crying
I'm shatted on the ground
All I find
Has died anyway

Sole survivor of a kill without alert
Sing your feelings
On your song remains unheard
Sole souvivor got a voice without a sound
Mean mistreaters took away your ground

Now I'm crying
I'm shatted on the ground

All I find
Has died anyway

Sole survivor of a kill without alert
Sing your feelings
On your song remains unheard
Sole survivor got a voice without a sound
Mean mistreaters took away your ground
