"Steel Tormentor"

Headless
The machine down
Coming to the low sound
Feeling like a real man

Racing
Flashing from down under
Flesh and blood and thunder
Trembling wheel in cold wheel in cold hand

Faster, much faster- wot a human speed disaster
Deeper, much deeper- on through the void I cast'er

I'm a steel tormentor
And I speed 'round ev'ry curve
I'm a mean imperator
Of my intimate machine

Turkey
Near to devastation
Losing all my patience
Cannot make this kit fly

Danger
Muscular contraction
Out for satisfaction
Mere intoxication

Nightride, it's nightride- try to catch my taillights
So sad, I'm so sad, but you won't ever suck my steel
bride

I'm a steel tormentor
And I speed 'round ev'ry curve
I'm a mean imperator
Of my intimate machine
