[Japanese Bonus Track]

Been here just long enough to see what trip you're on
Suffered from your ugly deeds

The way you're pushin all, Oh No

Better watch out what you're doing

Better take some rest or get right of here, oh yeah

Haven't you hurt the people tryin to be your friend

[Chorus:]

You take it to the limit, you take it to the top

You take it to the limit, until you get stopped

You take it to the limit, you take it to the top

Stop! Stop!

You think you're somebody

But you'll never be

On the back of others

You're just acting

Like a thief, oh yeah

Better watch out what you're sayin

Better take your hat and get right out of here

Didn't you lose all the people

Tryin to be your friend

[Chorus:]

You take it to the limit, you take it to the top

You take it to the limit, til you get stopped

You take it to the limit, til you get shot, stop it!

Take it to the limit, take it to the top

Take it to the limit, til you get stopped

Take it to the limit, get out of my head!
