No more feel, no more heal
No more light meets my eyes
Is it night, is it day
I'm alone, paralyzed

Everybody is waiting for the one
Everyone will freeze to death alone

The smile of the sun
Was stolen - someone
Has taken away
The heart of all day
The smile of the sun
Is gone and no one
But you drives away
The pain of the grey
Is anybody out there
Somebody help me

Got to breathe, got to move
Got to get back my life
Here's no hope, here's no joy
In this world full of strife
Gone away, gone astray
All I once believed in
It's my soul, it's my heart
It beats slower and dies

Everybody is waiting for the one
Everyone will freeze to death alone

The smile of the sun

Was stolen - someone
Has taken away
The heart of all day
The smile of the sun
Is gone and no one
But you drives away
The pain of the grey
Is anybody out there waiting
Anybody out there for me

The smile of the sun
Was stolen
Somebody help me

The smile of the sun
Is gone and no one
But you drives away
The pain of the grey

The smile of the sun
Was stolen - someone
Has taken away
The heart of all day
The smile of the sun
Is gone and no one
But you drives away
The pain of the grey
Is anybody out there waiting
Anybody out there for me
Is anybody out there searching
Anybody out there, call me
The smile of the sun
Was stolen
Somebody help me
