I never looked higher than I could see
Never gave less than you have given me
The more you have taken you turned into fakes
I finally know now why for heavens' sake?

(Don't tell me)
Don't tell me you did not see
That I cried
Don't act so deaf and blind
(Don't think)
Don't think that if someone's
Made dumb to the core
He would stay like before

So I take my life
Back from where the rain grows
Die to survive
Back from where the rain grows

Now you call me liar 'cause you are just the
Always have right fools majority
I think that if someone starved at your side
You'd all turn your back won't give any dime

(Don't tell me)
Don't tell me you did not see
That I cried
Don't act so deaf and blind
(Don't think)
Don't think that if someone's
Made dumb to the core
He would stay like before

So I take my life
Back from where the rain grows
Die to survive
Back from where the rain grows

I take my life
Back from where the rain grows
Die to survive
Back from where the ra-rain grows

From where the rain grows
I'm
Back from where the rain grows
From where the rain grows
I'm back from where the rain grows, hey
