crionic sleep
endless fathoms hold the past
soon unleashed
now our time to be his last
structured futility
man adheres to make a stand
reaching forth
bleeding hands of the damned

seismic slaughter
obliteration just a step
exhaling will
radioactive death
neutronuclear
unafflicted unsurpassed
quantum voltage
feel it's strength amass

worldly time
hour zero marks the end

extinction
archaic evil now ascends
summoned savior
shrieking cries unto the lord
bruned alive

the prince's planet now restored

irradiated conjuration
upper cretacious abomination

neutronuclear world cremation
is it's mordirivial dissemination

ocidation
stone and steel become ash
global furnace
all is now the past
