as I lay in my darkened cold grave
I envision death, hot blood that I crave
awaiting darkness, your god cannot free you
my bloodlust relentless for I'm nosferatu

condolent seduction of your mind
psychotic stare leaves you blind
immortal life within his blood
voracious craving unwithstood

nosferatu nosferatu nosferatu

he will possess you

nosferatu nosferatu nosferatu
he will possess you

nocturnal evil shifts through space
accretiv bloodlust sets his pace
instinctive spiral, helpless prey
transcended legacy, soulless sectary

nosferatu nosferatu nosferatu
he will possess you
