Corbin, Rivera

Far beyond the darkened sky, angels all riding high
Rising from the temple walls, time stands still when he
calls

King of kings, ruler of all man

Come Claim your land

Lightning strikes your path, you've heard of the day

A distant thunder comes to take you away

Chariots of horses fill the sky

A voice like running waters, shouts the king am I

Chorus:

He's the scorcher in the sky

Pain and torture burning high

Scrolls unfold, disaster takes its course

A sun of blood repels its scorching force

Smoke of black closing in stops at nothing

Tribute for seven years and the never ending sting

Chorus:

Stars are falling, now your in despair

Betrayed by those he died for his wrath you'll share

Days seem like years, he warned someday

You'd shed blood for tears

Chorus:

He gave his hand, you turned your back

Too late to bargain, the shadows who ran in fear

A.C. solo

Lightning struck your path, you heard of the day

A distant thunder came to take you away

Chariots of horses fill the sky, a voice like running

Waters shouted the king am I

Chorus:
