led astray from sovereign tranquil ways
sinful usurper emotionally manipulates
all is seized by the gleam in her eye
misguided pawn silently cries
prevalent untruth indignifies
lying, cheating, unrevealing
sets her sights on malicious misleading
pushed to insanity through he evil

acceptant servant must not question what
the treacherous plotting holds for him
for in her mind deceit is the only way

brainwashed, will lost, emotional holocaust
torrential anguish fills your soul
many more days of one more death
one more level of torment you'll know

praying for your past
before the dark times
visions of the last
mementos divine
treading in a sea
consumed by the wake
a current of sorrow
drowned in your mistake
