Under the sign of the moon
The creatures come alive, going high on the seventh
night
Streets full om misfits, scumbags & fools
Dont break the oath, dont break the oath - well slit
your throat
Dobermanns howling in league with the wolves
Chained in their fortress - releasing them soon
Vampires & werewolves part of this crew
Oh releasing the nightmare outside

[Chorus:]
Ghouls and goblins
Evil doings and spells
Round midnight

The evil come crawling back from the dead
Releasing their anger and humans are shed
Even them pirates like Blackbeard & Jones
Dont break the oath, dont break the oath - well slit
your throat

Battle not with monsters
Lest ye become a monster
And if you gaze into the abyss
The abyss gazes also into you
(Friedrich Nietzsche)
