"Mr. Cooger"

Walking down this deadly aisle,
"clutching the last gasp of life."
"Taking this 666 for a deadly ride,
"in this hour theres nothing but night."
Within these walls the dead come to speak to me"
I am of an inhuman breed"
So Ive been lurking, doing the darker deeds, "
down in the shadows below.

[Chorus:]

"Late at night and youre safe & sound,
"meet Mr. Cooger as he haunts the ground"
Tyrants sleep where no demons go. "
Here goes Mr. Cooger to come reap and sow.

Strolling through the park alive"
no Mr. Cooger in sight"
Your restless eyes they close for a while"
Cooger comes firing his knife.
Ive been lurking, waiting for darker deeds"
deep in the shadows below.

[Chorus:]

"Late at night and youre safe & sound,
"meet Mr. Cooger as he haunts the ground"
Tyrants sleep where no demons go. "
Here goes Mr. Cooger to come reap and sow.

When theres no more room in hell the dead will walk
the earth.

[Chorus:]

"Late at night and youre safe & sound,
"meet Mr. Cooger as he haunts the ground"
Tyrants sleep where no demons go.
"Here goes Mr. Cooger to come reap and sow.
