I'm a madman and I came to go,
I'm on the move, I wanna screw,
I wanna fuck til' I'm sore,
Gather up your women and children,
We're here to throw down,
And drink up all the booze that you got in your house,
There ain't a goddamn thing that you can do,
Cause we're gonna trash this party like we did in high
school,
So tap up the barrel and twist up the weed,
Law that I decree, it's our time now
So everybody scream... Yeah!

(Chorus)

Let's get fucked up, til' we fall down,
So everybody get drink drank drunk right now,
Let's get tore up, til' we're face down,
Because the HELLYEAH drink drank drunks are back in
town.
Right now

To all the hellions all around the globe,
Slam your fist on the bar demand a round of shots
Half rack, a joint, and a bottle of booze,
I can't walk a straight line but that's the life I choose,
Call me an animal, but I'm bringing the hope,
If this party was the Vatican, then I'd be the Pope,
Tap up the kegger, twist up the weed,
Law that I decree, it's our time now
So everybody scream... Yeah!

(Chorus)

Let's get fucked up, til' we fall down,
So everybody get drink drank drunk right now,
Let's get tore up, til' we're face down,
Because the HELLYEAH drink drank drunks
And we're back in town
Right now, let's get fucked up
Right now

There's only two reasons, that we showed up here,
To party and kick some ass, and we're almost out of
beer!

There's only two reasons that we showed up here,
To party and kick some ass, and we're almost out of
beer... Yeah!
