My war
Life's too short, to be sober
Drunk with power
Live, my life, inside a hangover
The war in me

I'll raise the dead up from the grave
I'll break the rules and jump the claim
I'll burn the buildings down and start the war
Preach fuck the world and make a stand
No tolerance for no respect
I've picked up all my pieces I am one
I've walked away, harness my rage

Life's too short, to be sober
Drunk with power
Live, my life, inside a hangover
The war in me

I've got the balls, and I command
With no remorse and no regrets
I put my demons to the test and won
Fist through the walls like a 12 gauge
I found self love estranged
Can't treat me like a child anymore
I've turned the page and I've walked away

Life's too short, to be sober
Drunk with power
Live, my life, inside a hangover
The war in me

I'm over all of you, I'm over every fucking thing
It's my life now, It's my time now
My enemy, any motherfucker that's in front of me
Fuck your opinion, fuck your system, I am heresy
Let go of all the shit that I have inside consuming me
And I'll point it at you

Life's too short, to be sober
Drunk with power

Live, my life, inside a hangover
The war in me

Life's too short to be broken
Strength consumes me
My life, my fight, until it's over
The war in me
