Get it right
My last word sins
I taste it now
Omission wins
For keeping down
My better side
I still ignore
And try to hide

So get out
Get out

The easy word
Will never slip
I brought it down
To take the lip
Don't need to know
Don't have to feel
You better side
I had to steal

Get out
Get out
Get out

You better, you die
You better, you die now
You better, you die
You better

Write down the day
Expend it
Work it in again
Death ends it

Die, you better
Die now, you better
Die now, you better
Die
