"Exactly What You Wanted"

I'm not so good realizing
Who I can or cannot trust
It's best to keep what matters vague
With harmless lies I can adjust

I get a D for disappointment
Now there's nothing to regret
Everybody's good for something
At least you know what you won't get

I let you down again
What's another harmless lie between friends?
Now you can be disappointed
I thought I gave you just exactly what you wanted

I let you down again
What's another harmless lie between friends?
Now you can be disappointed
I thought I gave you just exactly what you wanted

I let you down again
What's another harmless lie between friends?
Now you can be disappointed
I thought I gave you just exactly what you wanted
