"GOODBYE"

Tomorrow used to be a day away
Now love is gone and you're into someone far away
I never thought the day would come
When I would see his hand not mine
Holding on to yours because I could not
Find the time
And now I can't deny
Nothing lasts forever
But I don't wanna leave and see the teardrops in your
eyes
I don't wanna live to see the day we say goodbye

Now there comes another fallen life
I come alone
Sitting at a bar with Chris that I can't leave cause my
house ain't no home
I just wanna touch you girl
I wanna feel you close to me
Without your love I would give up now
And walk away so easily

So baby why break up
We'll figure out together
That even with the pain there's a remedy
We'll be alright
I don't wanna live to see the day we say goodbye

When i first me you I couldn't love anyone
But you stole my dreams and you made me see that
I can walk into the sun and I could still be me
And now i can't deny
Nothing lasts forever
But I don't wanna leave and see the teardrops in your
eyes
So baby why break up
Lets figure out together
That even with the pain there's a remedy, and
We'll be alright
I don't wanna live to see the day we say goodbye
We say goodbye
Oh goodbye

Goodbye
