Tight security  
Looks that challenge  
Savage end, make the food chain balanced  
Even the fabulous can't avoid  
A random attack to pass a boring night, blue

Blue habit sap my strength  
Fleet of dump trucks line my street  
Bludgeoned to death or shot in the head  
Murder down the hall  
That green monument won't prevent death, no one

No one said, no one's safe  
No one said, no one's safe  
No one said, no one's safe  
No one, no one's safe  
[Incomprehensible]
