Venom hordes to greet the time lord  
Of whence to come,  
Scouts aboard to clear the path  
Through mt. Canyon si,  
Temples cross marks to mind  
The burning skies above,  
Saxon sounds through out the land  
Beware the rebel sands,  
Aware the mark where the temples meet  
The overlord condemns,  
He is there where no venom goes  
He is the unknown killer

Parade of troops march down the hill  
To protect the grail  
In fear of the unknown killer  
It is written she knows  
They are to plead to the time lords queen  
To give his name  
She asked for power and the overlord spells  
Greed to poison her mind  
To capture him and take his power  
The lord knew his name

As the lord of time ways in dreams  
Awakens to see the disaster  
The queen of si, he banquist to bleed  
The greed as she went to hell,  
Plea to them who must give sorrow,  
For they shall cry for thee,  
For pity I would give you,  
But strength I must give to he

As the lords unleashed away their menacing venom  
The temples skies redden destruction  
The fall of the temples remain  
As the haunting hopes clear the debris  
Surprised to find he's gone  
Their lord waves his hand to clear them

As they fall one by one  
Scared to run then cast a spell

To hide from him you flee  
The feel of steel in through your back  
As you fall to your knees  
Pray in deed your life to him  
For beggars go through hell,  
Cry out his name for none to heed  
The killer destroyer prevails
