"Departure and Farewell"

Visit "[Departure and Farewell](#)" on MotoLyrics.com

The summer falls in the afternoon
And painted shadow
And swips across the empty room
Were Im going
The sun has light my wavy wings
The finally ..has just began
And pulling back the word
And I am gone
I am gone
Alone, away I say to you so long my love
So long
Another light now fields the sky
The window is searching for the sun
Grabber chair to say goodbye
But I am gone
Hey I am gone
I find a way to say to you
So ong my love
So long my love
So long my love
So long
So long
So long
So long
So long
So long I pulling back the real next penc
And I am gone
