(Dan Messe)

Hey Dear,  
You know I hate to go  
Just lay here  
Listening to the radio  
Upstairs  
Hiding from the world below  
The day fading on the dial

Downstairs  
Wait for the mailman  
On lawn chairs  
Spread across the tableland  
Somewhere  
Flowerbeds to lay your hand in mine  
If you stay then I will  
Time fading on the dial

I will always love you like I do  
I'll always love you like I do  
The song is fading still it's true  
When I'm here beside you

You said  
You want a wing to fly  
A loose thread  
Hanging from the gingham sky  
We knew that  
We would have to say goodbye  
C'mon, if you would then I'd stay  
The sun pulling in the driveway

I will always love you like I do  
I'll always love you like I do  
The song is fading still it's true  
When I'm here beside you

I will always love you like I do  
I'll always love you like I do  
The song is fading still it's true  
When I'm here beside you
