(Bruce Springsteen)

I'm driving a big lazy car rushin' up the highway in the dark  
I got one hand steady on the wheel and one hand's tremblin' over my heart  
It's pounding baby like it's gonna bust right on through  
And it ain't gonna stop till I'm alone again with you

A friend of mine became a father last night  
When we spoke in his voice I could hear the light  
Of the skies and the rivers the timberwolf in the pines  
And that great jukebox out on Route 39  
They say he travels fastest who travels alone  
But tonight I miss my baby tonight I miss my home

Is it the sound of the leaves  
left blown by the wayside  
That's got me out here on this spooky old highway  
tonight  
Is it the cry of the river  
With the moonlight shining through  
That ain't what scares me baby

What scares me is losing you

They say if you die in your dreams you really die in your bed  
But honey last night I dreamed my eyes rolled straight back in my head  
And God's light came shinin' on through  
I woke up scared and breathin' and born anew  
It wasn't the cold river bottom I felt rushing over me  
It wasn't the bitterness of a dream that didn't come true  
It wasn't the wind in the grey fields I felt moving through my arms  
No no baby, baby it was you  
No no baby, baby it was you  
Baby it was you
