Like a tiny little bubble of air rises  
From the bottom of the sea  
Slips the sapphire silence  
Up to the surface where it longs to be  
Up to the light of love  
To where the air of hope is sweet  
I'm delirious and I'm delighted  
And when I finally reach the spot complete  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world  
Whoa! Oh!  
Let me go of every longing  
Lord, I know You hear when I pray  
Everything I couldn't put into words  
And when no one hears a word I say  
And when I'm faint of heart, mm  
Or when there's nothin' I can do  
But let You know about the flood in my soul  
I can barely give it up to You  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world  
With the close of my eyes  
From the hole in my heart  
Comes a whisper heard  
Around the world  
Around the world!  
Oh and when I'm faint of heart  
When there's nothin' I can do  
But let You know about the flood in my soul  
To give it up to You  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world

Whooh!  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world  
Ah, ah, ah, ah!  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world, yeah  
With the close of my eyes  
From the hole in my heart comes  
A whisper heard  
Around the world  
Around the world!  
Na, na, na, na!
