Well it's been building up inside me for  
I don't know how long  
I don't know why  
But I keep thinking  
Something's bound to go wrong  
But she looks in my eyes  
And makes me realise  
When she says "don't worry baby"  
Don't worry baby  
Everything will turn out all right  
Don't worry baby  
Each morning I awake to find the sunlight  
Softly shining on her hair  
And then I realise i'm wrong in thinking  
That she really doesn't care  
There's magic in her eyes  
That makes me come alive  
When she says "don't worry baby"  
Don't worry baby  
Everything will turn out alright  
Don't worry baby  
She tells me "baby when you leave today just  
Take along my love with you  
And if you knew how much I loved you baby  
Nothing could go wrong for you"  
What she does to me  
When she makes love to me  
And she says "don't worry baby"  
Everything will turn out alright  
Don't worry baby
