Hey! What I'd love to say,  
Is in the music that I love to play  
I ask politely, "Can I turn it up?"  
You say, "No, no, no, no"  
You got a lot of pride  
You need protection so you love to hide  
And takin' chances is an easy way to get burned  
For whatever reason  
You decide to keep your fences up  
Maybe I could reach you with a song  
They say you got a heart of stone  
All you want is to be left alone  
I got to tell you that you really matter to me  
Every heart has an open door  
Some just hard to find, mmm  
Every heart has an open door  
Just might take some time  
When you gonna let me in?  
A cold rejection is a cruel sin  
Made an offer that you can't refuse  
You say, "No, no, no, no"  
Why  
(Why?)  
Are you afraid to try?  
A single prayer and you could learn to fly  
And best of all you get to know  
The person inside  
For whatever reason  
You decide to keep your fences up  
Maybe I could reach you with a song  
They say you got a heart of stone  
All you want is to be left alone  
I got to tell you that you really matter to me  
Every heart has an open door  
Some just hard to find  
Ooh, yeah, every  
(Every)  
Heart has an open door  
Just might take some time, yeah  
Every  
(Every)  
Heart has an open door

Ah, uh huh, mmm, yeah  
Every  
(Every)  
Heart has an open door  
Mmm, mmm, mmm, mmm, yeah  
For whatever reason  
You decide to keep your fences up  
Maybe I could reach you  
Don't say, "No, no, no, no"  
They say  
(Say!)  
You got a heart of stone  
All you want is to be left alone  
I got to tell you that you really matter to me  
(Every)  
Every heart has an open door
