You've got me shakin', time out
I thought I had You figured out
But I've been mistaken somehow
Thought I'd learned the truth by now
I guess I've been thinkin' way too much
Could be I'm out of touch
Gotta get You
(Into my heart and out of my head)
Sometimes they're just so far apart
(Into my heart and out of my head)
I need Your help to find a way
Into my heart
I keep my distance, my pride
Such a clever place to hide
What a sad existence in my mind
Another precious waste of time
The best way to change my mind I've found
And turn my life around
Is to get You
(Into my heart and out of my head)
No mind games, I'll take love instead
(Into my heart and out of my head)
I need Your help to find a way
(I need Your help)
Into my heart
Oh it would be so easy just to lock my heart away
Turn my back and I would never have to say
Long as I live, I need you
To feel the way that I do
Oh!
Oh! Oh! Ooooo!
(Into my heart and out of my head)
Sometimes they're just so far apart
(Into my heart and out of my head)
I need Your help to find the way)
(Into my heart and out of my head)
Oh! I'll take love instead
(Into my heart and out of my head)
I need Your help to find the way
Into my heart and out of my head
I need Your help to find the way
Into my heart and out of my head)

Ooooo!
(I need Your help to find the way
Into my heart and out of my head
I need Your help to find the way
I'm out of my head!
Into my heart and out of my head
