[Announcer]

"Ladies and gentlemen,

How 'bout a warm round of applause

for our guest this evening at Club 440, Bryan Duncan"

[Half hearted applause, etc]

[Bryan]

"One, two"

[Audience member]

"Who?"

One, two, three

Lies upon lies

Are said to get by, mm, mm, mm, mm

Lies upon lies

Are clouds in the sky

Pretty soon it's gonna rain

You're gonna get those shiny shoes muddy, yeah

Between the fools and the wise

A smile can be a wicked disguise

[scat singing]

Lies upon lies, mmm,

To the wheres and the whys, ha!

Lies upon lies, yeah

Bring tears to the eyes, yes they do, ah

Gonna cry yourself a flood

There ain't gonna be no ark to save ya now, no

Between the fools and the wise

A smile can be a wicked disguise

[scat singing]

Between the fools and the wise

A smile can be a wicked disguise!

A smile can be a wicked disguise!

[scat singing]

Lies upon lies!

[Enthusiatic applause]
