"Maybe This Time"

Visit "[Maybe This Time](#)" on MotoLyrics.com

You cared enough to believe the best about me
When broken wings had forced me to the ground
You gave a strength that I know is more than human
To get me on my feet and turned around, yeah
Maybe this time, maybe this time
I will cling to your love
Maybe this time is the last time
On this merry-go-round
I never thought it could get so cold around me
I try to climb these mountains by myself
Until the safety lines are cut and tangled
Oh, how I fall so quickly to the shelf, yeah
Maybe this time, maybe this time
I will cling to your love
Maybe this time is the last time
On this merry-go-round
Maybe this time, maybe this time
I will cling to your love
Maybe this time is the last time
On this merry-go-round
On this merry-go-round!
(I don't wanna take)
A step without you
I don't wanna take another step alone, no
(I don't wanna take another step)
I don't wanna take another step alone
I don't wanna take a step without you
I don't wanna take another step alone, no
(I don't wanna take another step)
I don't wanna take another step alone
Maybe this time, maybe this time
I will cling to your love
Maybe this time is the last time
On this merry-go-round
Maybe this time, maybe this time
I will cling to your love
Maybe this time is the last time
On this merry-go-round
On this merry-go-round!
(Maybe this time!)
