Hey!  
Lookin' up in heaven  
I can't imagine how far it must be to there  
You know all too well  
I don't have to tell you about this world right here  
But I do wanna tell ya  
As a friend and a brother  
Got a friend in Jesus  
He'll love you like no other  
One touch away  
Two steps apart  
Three little words  
Can it be so hard ?  
After we've come so far  
Now can He be so close?  
He's standin' at your door  
He's just one touch away from your heart  
Yeah, mmm!  
It's all out in the open  
I told ya now I'm hopin' you'll feel like I do  
'Cause I can't imagine  
Tryin' to make things happen, children  
Without God's point of view  
'Cause He wrote all the questions  
And He's got all the answers  
Do ya know He can help you?  
Is all I'm really askin'  
One touch away  
Two steps apart  
Three little words  
Can it be so hard ?  
Just knowin' he's so close  
Don't have to run too far  
He's standin' at your door  
He's just one touch away from your heart  
Mmm!  
Oh, can it be, can it, can it be so hard?  
I can't imagine where I'd be  
Without him  
Oh He's one touch away  
Two steps apart  
Three little words

Can it be so hard ?  
(Just knowin' he's so close)  
Don't have to run too far  
He's standin' at your door  
He's just one touch away!  
(One touch away  
Two steps apart)  
Two!  
(Three little words)  
Three!  
(Just knowin' he's so close)  
After we've come so far  
He's standin' at your door  
He's just one touch away!  
Hey, hey!
