I'm startin' over for the rest of my life
Mistakes I can never take back
Made my decisions, I'm willing, I'm able
With Your help on my side
I know it's easier to run away
Than to face the way I feel
I know I need You but I'm still afraid
It's a last chance
Gonna trust You now for the first time

Takin' it step by step
Like walkin' on water
To a land no man can see
Step by step by step
A little step closer to
The man I long to be

All the things they've said and I've quoted
A man's world is supposed to be
Can I be strong yet be humble and tender
Allow you to watch over me, yeah?
I'm self-sufficient though I'm all alone, in control and
insecure
I know you know how hard this is for me to admit I'm
wrong
But after everything else I've tried

Now I'm takin' it step by step, oh yeah
Like walkin' on water
To a land no man can see
Step by step, step by step

Learnin' to dance once more
For the joy that can set me free

Step by step by step
No it ain't easy, no
To believe love is liftin' me, yeah
Step by step
A little step closer to
The man I long to be

Step, step

I'm takin' it step by step
Like walkin' on water
I'm walkin' to a land no man can see
Step by step by step
Learnin' to dance once more
For the joy that can set me free

Step by step, no it ain't easy
No it ain't easy
To believe love is liftin' me
Step by step by step
A little step closer to
The man I long to be, yeah

Step, a little step closer
By step, closer to the man that I long to be
Step, closer, little step, by step
Closer to the man that I long to be
Step, step, step, step in the town
A little step, step by step
Take him closer to, by step
Ya come on get him a little closer to, step by step
A little closer, come on all
Step by step get him closer to me
Step, step by step
