Good thing!
Oh, yeah! I want to good thing!
Everybody take your places
Get ready 'cause the race is on, hey!
And the second the light turns green, we're movin'
Jump for joy, jump for joy
And there ain't no way to lose, hey!
Earthly bonds will slip away
Oh! I got the feelin',
That's all I'm here to say

(Climb on the wheels of a good thing
Climb on up)
On the wheels of good thing

When you feel yourself stranded
Broken down, abandoned, call
Y'all!
Say your prayers and get out of the way
Ah, and He'll get ya
Hey!
Jesus may, Jesus may help you get through this world,
amen!
When there's a will there is a way
Oh, leave it to Jesus to help you change your attitude

(Climb on the wheels of a good thing)
Wheels of a good thing!
(Climb on up)
[scat singing]
(Climb on the wheels of a good thing
Climb on up)
Who!

Oh, there will never be a time
Or a better place
Yeah, too cast your cares aside, yeah

(Climb on!)
Jump for joy, jump for joy,
And there ain't no way to lose, hey!

Earthly bonds will slip away
Lord, I got the feelin'!
Oh, that's all I'm here to say

(Climb on the wheels of a good thing)
Oh, yeah!
(Climb on up)
On the wheels of good thing, good thing, good thing
(Climb on the wheels of a good thing)
On the wheels of a good thing
(Climb on up)
Of a Good thing, good thing
(Climb on the wheels of a good thing)
Climb on up
Climb on the wheels of a good thing
Climb on up
Climb on the wheels of a good thing
Climb on up
Climb on the wheels of a good thing
Climb on up)
