I spent my time between the answers
And I swear there's nothin that leaves you more alone
Tracing your faith through fact and fiction
Whatever it takes to draw that line
You know that I hate to wait
I'm someone that feels,
But I can't fake the answers
And I don't make believe
I just keep praying,
"God don't fail me now!"
I hardly know the questions
But I'll stand rest assured
That you won't leave me
Whistlin' in the...
I'm just a man nobody's hero
And left alone I stand on feet of clay
Counting the cracks found in this armor
So all of my strength must come from you
To carry me through the night
I'm someone that feels,
But I can't fake the answers
And I don't make believe
I just keep praying,
"God don't fail me please!"
I hardly know the questions
But I'll stand rest assured
That you won't leave me
Whistlin' in the dark!
(I can't fake the answers
I don't make believe I'm whistlin' in the dark
But I stand rest assured that you won't leave me
Whistlin' in the dark)
Someone that feels,
I can't fake the answers
And I don't make believe
Just keep praying,
"God don't fail me please!"
I hardly know the questions
But I'll stand rest assured
That you won't leave me
Whistlin' in the dark!
Whistlin' in the dark!

Whistlin' in the dark!
