(Verse 1):

Though smiling you silently weep...in perfect disguise  
So clear by the distance you keep...protected by lies  
And me with so little to say...what can I do  
Lost to know how I should pray...hurting for you  
No matter how hopeless it feels...

(Chorus):

You're never alone  
You're never alone  
It's all I know to say

(Verse 2):

You carry your heart in a box...with all of your dreams  
Still hopin' that somebody knocks...to share your  
extremes  
Someone could enter your life...just with a smile  
Someone could carry your heart...all of the while  
No matter how helpless you feel

(Chorus 2):

You're never alone  
He's got the time for what you're feelin'  
You're never alone...  
Just bow your head to find out  
It changes everything  
You're never alone...  
I know you're hiding what you're feeling  
You're never alone...  
Beyond a shadow of a doubt  
Together there's a way

(Bridge):

Do you need to know who cares  
Is the pain too much to bear  
You can find help on your knees  
Anytime you please, 'cause He'll never turn away  
He'll never leave you  
Never leave you  
Always love you.

(Chorus 3) [repeat for fade]:

You're never alone  
He's got the time for what you're feelin'  
You're never alone...  
Just bow your head to find out  
It changes everything

You're never alone...  
I know you're hiding all your feelings  
You're never alone...  
You know I'm praying for you  
It's all I know to say  
[ad lib lines]:  
(He'll never leave you)  
(He'll never turn away)  
(Beyond a shadow of a doubt)  
(Together there's a way)
